C. Rilievi nella relazione di revisione

Le relazioni di revisione non contengono alcun rilievo rispetto alle informazioni finanziarie storiche di Crédit Agricole CIB.

D. Principali fattori di rischio relativi al Garante

I seguenti rischi sono stati identificati come significativi e specifici per il Garante e di natura tale, qualora si concretizzassero, da avere un significativo impatto negativo sulla sua attività, sulla sua posizione finanziaria e sul suo accesso alle varie fonti di finanziamento:

- 1) Rischi di credito e di controparte, che includono i rischi di credito sulle sue controparti societarie e finanziarie, il rischio di concentrazione su qualsiasi settore specifico o individuale, il rischio di controparte sulle operazioni di mercato, il rischio di credito legato alle operazioni di cartolarizzazione nonché i rischi nazionali e sovrani;

- 2) Rischi finanziari, che includono il rischio di mercato, il rischio di variazione del valore del portafoglio titoli, il rischio di cambio, il rischio di trasformazione, il rischio di liquidità, il rischio di variazione del valore degli investimenti azionari e il rischio di tasso di interesse globale;
- 3) Rischi operativi e rischi connessi, che includono i rischi compliance e legale e altri rischi operativi, compresi i rischi per la sicurezza dei sistemi informativi;
- 4) Rischi aziendali, che includono il rischio sistemico (impatto negativo di condizioni economiche e finanziarie sfavorevoli, nonché di modifiche a leggi e regolamenti) o il rischio strategico;
- 5) Rischi climatici e ambientali; e
- 6) Rischi relativi alla struttura del Gruppo Crédit Agricole.

3.4 Quali sono i principali rischi specifici dei titoli?

Esistono fattori di rischio che sono rilevanti ai fini della valutazione dei rischi relativi ai Titoli, tra cui i seguenti:

- 1) Il prezzo di negoziazione dei Titoli può diminuire di valore tanto rapidamente quanto può aumentare e i Portatori dei Titoli possono subire una perdita totale del loro investimento;
- 2) I Titoli potrebbero non avere un mercato di negoziazione stabilito al momento dell'emissione, e uno potrebbe non svilupparsi mai. Se si sviluppa un mercato, potrebbe non essere molto liquido. L'illiquidità può avere un effetto negativo sul valore di mercato dei Titoli.
- 3) L'implementazione in Francia della Direttiva UE sul Risanamento e la Risoluzione delle Banche potrebbe incidere in modo rilevante sui diritti dei Portatori dei Titoli, sul prezzo o sul valore del loro investimento nei Titoli e/o la capacità del Garante di adempiere ai propri obblighi ai sensi dei Titoli;
- 4) La legge francese sull'insolvenza potrebbe avere un impatto negativo sui Portatori dei Titoli che cercano di ottenere pagamenti nel caso in cui l'Emittente, il Garante o le sue controllate diventassero insolventi e potrebbe avere un effetto negativo rilevante sul valore di mercato dei Titoli;
- 5) Il rischio relativo alla natura non garantita dei Titoli e alla Garanzia, l'assenza del divieto di costituzione di garanzie reali e di restrizioni al debito nei confronti dell'Emittente e del Garante, che potrebbero avere tutte un effetto negativo sul valore di mercato dei Titoli;
- 6) Non Applicabile;
- 7) L'Importo degli Interessi, l'Importo di Rimborso Anticipato Automatico e l'Importo di Rimborso Finale dei Titoli dipendono dalle variazioni del valore di mercato del Sottostante(i), che potrebbe incidere negativamente sul valore di mercato dei Titoli. Inoltre, l'Importo di Rimborso Anticipato e l'Importo di Rimborso Finale potrebbero essere inferiori all'importo nominale dei Titoli e i portatori dei Titoli potrebbero perdere tutto o parte dell'importo del capitale investito;
- 8) Un investimento nei Titoli non conferisce alcun interesse legale o beneficiario nel/i Sottostante/i né alcun diritto di voto, diritto a ricevere dividendi o altri diritti eventualmente spettanti ad un portatore del/i Sottostante/i. Possibili perdite di valore dei Titoli non possono essere compensate da altri redditi; e
- 9) I Titoli non godono della protezione del capitale e gli investitori sono esposti alla performance del/i Sottostante/i; di conseguenza, rischiano di perdere tutto o parte del loro investimento se il valore del/i Sottostante/i non si muove in una direzione positiva.

Non è previsto alcun diritto di prelazione per la sottoscrizione dei Titoli a favore di alcuna categoria di soggetti.
